

Family Support

This program is offered free of charge. Family Support Workers help families with time-limited goals to assist building new skills and increase their family's strengths. In the comfort of the family's own home, Family Support Workers provide non-judgmental support for common family struggles. Flexible appointment times including evenings and weekends are also available in this program.

Community Outreach

Our Outreach Educators offer educational workshops and presentations for any schools and organizations in the Southeast.

Presentation topics are centered around violence, abuse and healthy relationships. Reach out to find out more.

We have four office locations in Estevan, Weyburn, Carlyle and Oxbow. Office hours are 8:30am to 4:30pm Monday to Friday. Call us or visit our website.

Envision is a non-profit, community-based organization governed by a volunteer Board of Directors from Southeast Saskatchewan.

Envision
COUNSELLING & SUPPORT CENTRE INC.

Serving Southeast Saskatchewan since 1994

**Strengthening
communities through
Therapeutic Counselling,
Support Services and
Education in Southeast
Saskatchewan.**

*Exploring your options and
supporting your decisions*

Envision helps individuals, families and couples feel empowered by providing therapeutic counselling and support, in-home services, groups, workshops and education.

We are a Welcoming Place

Envision believes in client-centered support. We create a safe and welcoming place for individuals to explore any questions they may have regarding their current needs or future options.

We can help with:

Therapeutic Counselling and Support

We provide free and confidential counselling without a referral to individuals in Southeast Saskatchewan. We can help with counselling for adults, seniors, teens, children, couples and families.

Family Support Services

We provide intensive in-home support on a short term basis to families and their children as contracted by the Ministry of Social Services, Mental Health's Child & Youth Program and community referrals. We also accept voluntary referrals.

Groups, Workshops and Education

We offer educational presentations to agencies, organizations, groups, schools or businesses. Participants may sign up for workshops and support groups that will improve self-worth by relating to others with similar experiences.

Individual Counselling

We help individuals whose lives have been impacted by emotional, physical, verbal or sexual abuse.

We welcome individuals seeking support in the following areas:

- Survivors of Childhood Abuse
- Sexual Assault
- Stalking/Harassment
- Parent/Teen Conflict
- Relationship Breakdown
- Communication in Relationships
- Abusive Relationships
- Exposure to trafficking or exploitation
- Secondary Survivor Support

Our focus is the happiness and well-being of those we work with.

Family Counselling

Experiencing a sudden event or situation that is overwhelming or traumatic can often be challenging to deal with. These events may include grief and loss, marital breakdown, separation or divorce, parent and child disputes, blended family struggles or more.

We provide a non-judgemental place where a counsellor will listen, offer support and help develop a plan to move forward.

Through therapeutic counselling for couples and families, we can help to stabilize your family and strengthen your relationships.

Children, Youth and Teen Counselling

Envision offers help to children, youth and teens (aged 5 to 18) who have been exposed to violence. Many of these children feel overwhelmed and need someone to talk to in a safe and supportive environment. Parent support is available through this program as well.

We also work in partnership with schools to provide counselling, support and groups.

Employee Assistance Program/ Fee For Service (EAP/FFS)

EAP Counselling is designed for those who do not meet the mandate of other Envision programs and is covered by employer insurance when available. For those individuals who do not have employer insurance this service is still available for a reasonable fee (FFS). This program offers flexible appointment times including evenings and weekends.

Walk-In Counselling

Walk-In Counselling is a free, immediate, accessible form of brief counselling. People can drop-in for a one hour session without an appointment. This service is provided by a qualified counsellor who also connects individuals to the community and health services they might need. This service is offered offsite in Estevan, Weyburn and Oxbow. Dates and times for Walk-In Counselling can be found on our website.
